NUMBER 2.

In 1884 there was a gentleman in Wake county who held the office of County Treasurer. He had held the office long and with entire satisfaction. Everbody, or nearly everybody-regarded him as invincible. Certainly he had the esteem and confidence of the people of the county far surpassing that of any Republican who now resides in Wake county. He was a quiet citizen, a consistent member of the leading church in the county, a prominent Mason, was sober, correct in his business, and nothing was urged against him except that he was a Radical and the nominee of a negro convention. That was enough to bring about his defeat, surely, but dozens of the best Democrats declared that he was invincible and could not be defeated. In fact so strong was the feeling that nobody could defeat him that when the Democratic nominating convention was held there was no candidate for the position and nobody wanted to make the race against "the strongest on the Georgia, Carolina and Northern man in the county." The belief that he was invincible went futher than this: In the convention it was proposed by good Democrats NOT TO NOMINATE A DEMO-CRAT. They argued: "We can elect nobody, and if we will make no nomination for Treasurer we will be the better enabled to elect our ticket." That reasoning sounded well, but patriotic Buck Jones arose in the convention and said: "We do not nominate men for the offices merely. It is PRINCIPLES that we seek to advance. Let us name a full ticketpresent an unbroken front-and fight the enemy all along the line, &c." The convention agreed with him and made him accept the nomination for Treasurer. He went into the campaign to lead what was regarded "the forlon hope."

What was the result? He was elected County Treasurer by a majority of 363 over the most POPULAR, SOBER AND COM PETENT Republican in Wake county. Moral-What has been done, can be

done, and will be done again.

In the Radical convention, a sorry negro named SAM CLEMENTS placed UP-CHURCH in nomination. CLEMENTS was one of the negroes who burned CAL. Branch's barn in Swift Creek township during the Kirk war. He was convicted for the crime and punished. Isn't he a nice character to tell the people of Wake who votes for UPCHURCH thereby says that CLEMENTS is more competent to name officers for Wake county than the convention of white men which nominated THOMPSON.

HOOVER (col.) devotes much of his speech to a defense of UPCHURCH and he day he received two lop eared rabbits, says that 700 white men will vote for him this year. Who gave authority to Hoover to speak for the white men of Wake county? He has no authority except such as Rogers, Upchurch, Adams and other Radical office seekers give him, week, but they have been pushed to the and the patriotic white men of the county | utmost to fill orders which have poured will resent his impertinence. UPCHURCH & Co., may regard him as having a right to speak for them. No other white men a display from this establishment.

UPCHURCH has been in office twelve years. He has come to think that the office belongs to him, and says on the o'clock. Be on time and do not miss knows how to conduct it. Such a statement is an insult to the 5,000 white men in Wake county, and they ought to resent it. "Let's have a change and take a look at the books."

UPCHURCH claims that a number of Democrats will vote for him. He ought not to be allowed to make that claim. Why? Because he is the Radical nominee, he will support Hoover and stand by all Republican nominees. No the Yarboro House for the State officers Democrat can consistently vote for him, and offcers of the Agricultural Society, however much he may like him person- thence to Hargett street station and on

Radicals and negroes who debauch lows: politics and degrade manhood, or shall it be controlled by honorable Democrats who seek to lift up men and make them better citizens? That is the issue.

UPCHURCH, ROGERS AND ADAMS ought to be satisfied. The time has come when the tax-payers ought to say: "Let's have a change. Let's take a look at the books." That's the slogan: "Let's take a look at the books."

THE slogan is: Clean out the Court House. Upchurch has been in office twelve years and kept Radicals in with him most of the time by the use of the profits of his office. "Let's take a look at books."

A vote for ROWAN ROGERS for Sheriff is a vote for GEO. L. LANE, (col.) and the next few months. W. S. MITCHELL (col.) who are both offensive deputies. White men: Vote against Rogers, and see that we have a white Deputy Sheriff in Wake county.

What Shall the Harvest be! All things else being equal, the harvest will be great. A flood tide of bright sheaves (round sheaves) shall be added to you if you are worthy and have sown abundantly. A clear demonstration of the meaning of this was manifest on last Saturday. We have sowed an abundant lot of good seeds and last week we began the harvest. One hundred clerks could not have waited on the trade that came in our store, all clamoring for some one to wait on them; the few hundred that we did manage to serve left in our possession the neat little sum of \$1,800, and every day last week was in keeping with Saturday. We hardly know whether we sold more millinery goods or whether we sold more dress goods or clothing; we know that we had an abundant harvest, and that is glory enough for us (and it is glory we are af ter, not filthy lucre.) This world has no charms for us. It is for the good of the dear people we work. See the new carpets and dress goods at
